

# CLOSE THE BOOKS CHECKLIST

- We are feeling frustrated or overwhelmed

---
- We are rushing just to finish

---
- No real understanding is happening

---
- We need a reset (mentally and emotionally)

---
- Real life learning opportunity popped up

---
- Curiosity is leading us somewhere else

---
- Connection matters more than completion today

---

Closing the books doesn't mean learning stops—  
it means learning is happening differently
